- Supplier profile shows a description of him and collection of his products .
- To complete checkout user must be logged in .
- Login || Register system for both dashahboard and public site.

Obstacles::

Using version8 which is a new and latest version in the laravel framework, although I learned version 5.8 during training so I had to check its documentation and google some of the things at the beginning to know how to do things and so on.

For security::

- Cross-Site Request Forgery (CSRF) Protection on Laravel.
- Hashing password .
- Authentication for user , supplier and admin (gaurd , session and middlewares).

A photograph showing the words "thank you" spelled out in seven light-colored wooden blocks with dark letters. The blocks are arranged horizontally on a dark, textured surface. In the background, there is a soft-focus, out-of-focus (bokeh) effect of numerous small, glowing yellow and white lights, likely from Christmas tree ornaments, creating a warm and festive atmosphere.
